

19th March 2020 – Cranedale Coronavirus Statement

In light of the new advice for schools to close, the Cranedale Centre is now working hard to re-arrange courses into the Autumn term. Many schools are contacting us at present in order to facilitate this. Unfortunately, as per our terms and conditions we are unable to offer any refunds for school trip cancellations.

We recognise that for many schools, the field trip is a compulsory component of their subject (particularly for A-level Geography) and of great educational and personal value to all other subject areas. We are therefore working very hard, on a school by school basis, to ensure we can provide students and teachers with alternative dates wherever possible.

Should Schools re-open we will be ever ready to provide your field course during your planned dates. Our tutors will be contacting schools to liaise on the content of their courses in the usual way.

How to contact us

If you wish to re-locate your course to the Autumn term please use the following email address:

bookings@cranedale.com

For general enquires please contact:

cranedaleadministration@cranedale.com

All of us at the Cranedale Centre wish all our visitors well in these difficult times. We do hope to have you on a field course with us very soon.
